Sir,

Subject: Establishment - Government Headquarters Hospital, Mangalore - Waterman - employment of - Sanction requested.

Reference: G.O.No.Ms.5645 P.W. dated 14-5-1943.

The scheme for the improvement of water supply to the Government Headquarters Hospital, Mangalore, sanctioned in G.O.No.Ms.482 P.W.D.dated 8-7-40 has been deferred as per

G.O.

G.O.Ms.3866 P.W. dated 6-9-41. As the Executive Engineer, West Coast Division, is of the opinion that it is not feasible to sink another draw well in the hospital compound, the Superintendent of the hospital is making arrangements to get water from the Government College well during the hot weather.

It is requested that Government may be pleased to sanction the employment of an additional waterman on Rs.10/- per mensem temporarily for 2 months from the date of employment during the hot weather, as was done in previous years, in the Government Headquarters Hospital, Bangalore. The reasons adduced for the above temporary appointment for the previous years hold good for this year also.

for Surgeon-General with the Govt. of Madras.

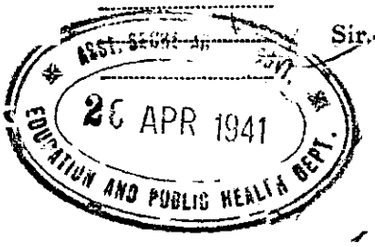
No. 1159/41 dated 25th April, 1.



Sir,

Sub: Appointment - Town Planning Surveyor - sanctioned in G.O.No. 5658 P.H., dated 2-12-1940 for revision of schemes 1 & 3.

Ref: From Commissioner, Cochin Municipality C1-8760/40 dated 7-3-41.

In its resolution dated 21-2-41 the council has resolved as follows.-

"Government may be addressed for sanction to defer the revision of the schemes until they are able to grant the necessary loan since there is no possibility otherwise of taking it up in the near future and since any revision now done may again require further changes to suit the conditions existing then."

The Commissioner requests orders as to whether the revision of schemes 1 and 3 should be undertaken immediately and whether it will not be better to defer the revision of the schemes until such time as the Government are able to give loa for carrying out schemes.

In the interests of proper development of the areas and regulation of all private activities affecting land, streets and buildings, the schemes are necessary and should be proceed with to avoid future increased financial difficulties. It is not necessary that the council should incur expenses immediate on any works under the schemes. The schemes when prepared an sanctioned will more than anything give adequate power to the council to regulate and enforce development of the area in accordance with town planning regulations. Therefore, in the opinion of this department the revision of the schemes and the submission to Government for sanction need not be deferred.

It may be also observed here that according to section 14(b) of the Town Planning Act, the schemes can make provision that the execution of the whole or any part thereof may be deferred until such time as may be fixed therein. The council might also provide in the schemes a general clause somewhat to the following effect.- "The execution of any works which under the scheme are to be executed by the municipal council or responsible authority may be undertaken by it as and when funds are available and at such time or times within a period of 20 (or 25) years as it may decide."

The council would also do well to appoint the staff sanctioned in G.O.No. 5658 P.H., dated 2-12-1940 and revise the schemes 1 and 3 and submit them without further delay.

for Ex-Officio Director of
Town Planning, Madras.
